

Dealing with Disputes on Complex Projects

A multidisciplinary team from BRG, in association with Young Arbitral Women Practitioners and the Equal Representation in Arbitration Pledge Young Practitioners' Subcommittee, will present on some of the key issues faced by experts in arbitrations relating to complex projects, including:

- Working with imperfect information
- Dealing with uncertainty
- Striking the balance between simplifying complexity without sacrificing nuance
- Identifying causal factors
- Using hindsight appropriately
- Dealing with process issues

This seminar will be run twice to accommodate attendees across various time zones.
